U. S. DISPATCHES SIX DESTROYERS TO MEX WATERS

Officials Believe Carranza's Power Diminishing Rapidly

PLAN MARCH ON MEXICO CITY

WASHINGTON, May 5.—Recognition of Carranza's rapidly diminishing power in Mexico was admitted by government officials today but the despatch of a flotilla of destroyers to southern waters was not taken to indicate that foreigners are in immediate danger. The six destroyers which sailed from New York will arrive at Key West tomorrow and will be used along the east coast only in the event that necessity arises.

Development of the revolution has reoprted to the government has been so rapid as to convince many officials and especially army officers, that Carranza cannot maintain his authority much longer.

Information through official channels has been the basis of an estimate that places the strength of the rebels at almost double that of the government. The coordination of the rebel forces has been hindered rather than aided by the rapidity with which new groups formed in the different states and the promptness with which the federal garrisons have joined in the movement even before being directly threatened.

Rebel claims that Carranza would have difficulty now in leaving the country are supported by reports from official sources.

East and west coast ports are closed to him by the operations of rebel units at various places along the connecting lines. His entry into the United States might yet be effected over the long line of railroad from the capital to Laredo and the possibility of escape through the Tehuantepic isthmus into Guatemala remains, although such a route is regarded as impracticable of account of rebel operations in zones he would have to cross.

Such information as was available here continued to indicate the bloodless character of the revolution. The southward movement of the rebels along the west coast was continued, but no reports of any engagements were received.

Will March Into Mexico City.

Juarez, Mexico, May 5.—Ten thousand revolutionary soldiers shortly will begin a march upon Mexico City from the state of Chihuahua, according to an announcement made here tonight by Jesus M. Cuen, former federal judge of th Juarez district, recently appointed to supervise a transfer of federal funds incidental to the change of government.

Seven hundred Yaqui troops from Casas Grandes have arrived in Juarez during the last few days, according to military officers here.

General Jose Gonzalo Escobar, commander of the Juarez military district, will remain in charge of the garrison here by orders of Governor De La Huerta, provisional commander of the revolutionary army, according to Cuen.

With band concerts, a military parade, a bull fight and patriotic speech making, Juarez today celebrated the national holiday of "Cinco De Mayo".

Welcome U. S. Observer.

Agua Prieta, May 5.—Mexican revolutionists would welcome the assignment of an officer of the United States army as military observer to accompany General Elias Calles, minister of war under the revolutionary provisional government, according to a message received here today from Governor Adoldo De La Huerta, temporary head of the liberal constitutionalist movement.

Such an assignment would thoroughly acquaint the American government with the aims and accomplishments of the revolutionists and give the United States first hand opportunity of studying the movement it was said.

Military information here today say Carranza forces were concentrating at Monterey and San Luis Potosi, in the northeastern part of Mexico for a stand against the rebels and also at Torreon, south of Chihuahua. Officials here said they expected the first battle of the revolution to occur at one of these cities.

DECLARE LARGE DIVIDEND

St. Louis, Mo., May 5.—The Brown Shoe Co., has declared a common stock dividend of 33 1-3 per cent, increasing its common stock from $6,300 to $8,400,000 was announced today.

The regular quarterly cash dividend at the annual rate of 7 per cent on the 63,000 shares of common stock, also was declared.

DEFER ACTION ON RATES

Springfield, Ill., May 5.—Proposed increased rates asked by the Peoples Gas, Light and Coke Company of Chicago for gas service were suspended by the public utilities commission today until Sept. 2, 1920.

FIRST ATTEMPT MADE TO UNITE METHODISTS OF NORTH AND SOUTH

Final Details Left to Special Committee Appointed by Conference

DES MOINES, Ia., May 5.—The first real efforts to effect an organic union between the Methodist Episcopal church and The Church South, were made tonight when the special committee on unification appointed by the general conference of the M. E. church held its first meeting.

Bishop William F. McDowell, was elected chairman of the committee.

The preliminary discussion on the matters in the proposed constitution of the proposed united church, indicated points of sharp contention will include.

The creation of regional conference by geographical lines; limitation of representation of negro members to five per cent; limitation of foreign members to five per cent; appointment of bishops by regional conferences; control of publishing, educational and benevolent interests by the regional conferences; and the name of the new organization; the ename proposed being the "Methodist church".

Delegates tonight were addressed by William Jennings Bryan on "Where Are the Nine?" Committee meetings only were here this afternoon.

At today's session of the conference Bishop R. J. Cooke, of Helena, Mont., was placed on the retired list because of ill health. Bishop Cooke was made a bishop in 1912 when he was living at Minneapolis.

Consideration of the amusement section of the discipline of the echurch was introduced in a resolution asking the judiciary committee to rule on the constitutionality of the article.

Thee article of the ediscipline, in question, does not prohibit dancing, card playing and certain other amusements, but provides for "disciplining" the members of the church who engaged in the practices.

FURTHER ADVANCES IN PRINT FORECASTED

WASHINGTON, May 5.—Further advances in print paper prices are to be made by the International Paper Co., on July 1, said a telegram from Chester W. Lyman, vice president of the company, which was presented today to the senate committee investigating the paper shortage.

The message, addressed to Joseph Pulitzer, jr., publisher of the St. Louis Post-Dispatch, follows:

"Alarming rise in prices for pulp wood, other raw materials and mills supplies, together with inevitable increase in transportation charges, will necessitate a higher selling price for last two quarters. Impossible to foretell extent of increase on account of uncertainty of conditions. Increase in cost likely to continue to turning point reached in general industrial, social and financial conditions.

"Only remedy for present trouble is rigid economy by publishers in their use of news print. It would be the height of folly for government to attempt to regulate or lower spot market as it would result in diversion of many specialty mills now making news print to their normal product. This addition to present news print supply is estimated at about 150,000 tons a year.

"High spot market prices largely warranted by scarcity of raw material and corresponding high prices. In most cases believe the profits are not inordinate. Small publishers must be helped out by larger consumers protected by contracts."

PROSECUTION FLAYS DEFENSE ATTORNEYS

BLOOMINGTON, Ill., May 5.—State's Attorney C. E. McNemar, of Peoria county, leader of the prosecution in the murder trial of Edgar A. Strause, made the principal address of today in the egort to convict the slayer of Berne Meade in December, 1917. McNemar used strong language in his flaying of the attorneys for the defense in their egorts as he charged, to try Mrs. Meade and also a "half-baked" boy, one of the witnesses for the prosecution instead of the defendant in this case. Frank Gillespie, one of the attorneys for the defense, closed his speech today which was begun yesterday.

ARMOUR CHARGED WITH PROFITEERING

Boston, May 5.—Profiteering in meat was charged today against Armour & Company and its New England manager, John E. Wilson. The latter was arrested on a warrant issued by United States Commissioner Hayes on evidence transmitted by the United States district attorney's office that lamb bought for less than ten cents a pound, plus freight charges of about four cents a pound, had been sold here for 25½ cents.

ORGANIZE NEW CLUB TO REDUCE PRICES

Washington, May .—The 'Patchem and Wear em Club" plan inaugurated in Birmingham, Ala. to fight the high cost of clothing was endorsel today by Howard Figg, special assistant to the attorney general in charge of the government's high cost of living campaign. Mr. Figg said he believed organization of such clubs was "a step in the right direction to bring down prices."

WOOD MAINTAINS SMALL LEAD IN INDIANA PRIMARY

Johnson Close Second With Lowden and Harding Following

JOHNSON TAKES CALIFORNIA

INDIANAPOLIS, Ind., May 5.—With only 215 precincts out of 3,387 in the state missing tonight, unofficial returns from Tuesday's state wide primary show that Major General Wood with 80,478 votes in the Republican presidential preference race, was leading Senator Hiram W. Johnson, of California, his nearest opponent, by 8,416, Governor Frank O. Lowden, of Illinois and Senator Warren G. Harding, of Ohio, the other two contestants in the race, were several thousand votes behind. The vote for 3,172 precincts was:

Wood 80,478; Johnson 72,062; Lowden 36,341; Harding 18,777.

There were no candidates for the Democratic presidential preference contests in Indiana.

These figures represent the complete vote in 76 of the 92 counties but do not include Marion county (Indianapolis) complete as eleven precincts are still missing in this county.

The race between Wood and Johnson has been one of the closest in Indiana political history in recent years. Each of the candidates made spirited preprimary campaigns, speaking in the state up to the eve of the the eRpublican state convention which meets here next week, delegates to the national convention will go uninstructed as the state law provides that only a majority of the votes cast is binding on the delegates.

In the gubernatorial nomination race it became practically assured that Warren T. McCray of Kentland, would be the republican nominee and Dr. Carlton McCullough, the selection of the democratic party.

California Results

San Francisco, May 5.—With 1,093 precincts missing and only Mono county, a sparsely settled mountain community unheard from, returns from yesterday's presidential preference primary continued to add to the majority of the delegation supporting Senator Hiram W. Johnson over the Herbert C. Hoover ticket. Tonight 4,631 complete precincts of 5,724 in the state gave the Johnson group 333,916; Hoover group 178,578.

Th efate of the independent candidacy of Henry R. Childers of Los Angeles on the Democratic ticket, was still in doubt tonight and it will probably require an official canvass before the result is definitely known. Childers announced himself as being opposed to a drastic enforcement of the national prohibition laws. Incomplete returns showed that Gavin McNab of San Francisco was polling the heaviest vote of the Democratic group.

Fro mscattered returns it was apparent that the prohibition group pledged to the candidacy of Henry ay Needham of Los Angeles, received a very light vote.

SANTA FE R. R. ISSUES STATEMENT

NEW YORK, May 5.—Gross corporate income of the Atchison, Topeka and Santa Fe railway for 1919, aggregated $59,715,203, against $47,196,263 in the previous year, according to the annual report issued today.

Net income of $43,098,658 compared with only $28,348,433 in 1918 and surplus to credit of profit and loss at the end of 1919 totalled $65,366,690.

Net operating revenues amounted to $53,473,877 against $51,865,164 in the previous year.

There was still due the company from the government at the end of 1919 a total of $23,324,660. The treasury also showed liberty bonds and victory notes slightly in excess of $19,000,000.

(By The Associated Press)

NOGALES, Ariz., May 5.—Francisco Villa with 2,000 men joined the revolutionary forces today at San Romico, Chihuahua, according to reports received in Nogales, Sonora, and it is said will bring 10,000 supporters to the side of Obregon.

DOVER, Del., May 4.—Suffrage was revived in Delaware today when the state senate passed a ratification bill 11 to 6. After rejecting a substitute offered by Senator Gormley, democrat of Wilmington, providing for a referendum at the next election on the subject the senate adopted the resolution of Senator Walker, republican of New Castle county, ratifying the eSusan B. Anthony suffrage amendment..

LONDON, May 5.—A Bolshevist communication issued Tuesday dealing with the operations with the Poles says: "In the region of Kiev our troops are fortifying themselves in new positions west of that city."

DETROIT, May 5.—Senora Maria Voltaire, one time leading Mexican danseuse and a favorite with the late President Victoriano Huerta, tomorrow will begin serving a thirty day sentence for alleged shoplifting.

NORFOLK, Neb., May 5.—Uneeda Orion, a Duroc Jersey boar, was sold today by Edgar Taylor of this place to Studer Brothers, of Wesley, Iowa, for $10,000. This is claimed to be the highest price ever paid for a Duroc Jersey hog in Nebaska.

VLADIVOSTOK, May 1.—An agreement has been reached on the demands presented by the Japanese military authorities, the Russian delegates signing with great regret, they said.

COPENHAGEN, May 5.—Danish troops today occupied Northern Schleswig, the people of which on February 10, last in a plebiscite provided for in the peace treaty, voted by a large majority for a return of this part of the territory to Danish nationality. The Germans had been in control there since 1866.

NEW YORK, May 5.—Two principal developments tonight in the bond plots involving several million dollars were the alleged confession of "Big Ed" Furey, declared by the police as a "go-between" and failure of the police to wring an admission from fifteen year old Leroy Gardner that he was the Harriman and Co., messenger who disappeared with $138,000 worth of securities on March 29.

MILWAUKEE, Wis., May 5.—Threatening the democratic party with the loss of the women's vote in Wisconsin if the men leaders of the party dared to temporize in any degree with the "wets", Mrs. Clinton M. Barr, state chairman of Wisconsin women democrats, created a sensation at the meeting of Wisconsin democratic national convention delegates and women this afternoon. Her speech was frequently interrupted with applause by the women while the men looked astounded.

RAILROADS DERIVING LESS THAN 1 PER CENT ON THEIR INVESTMENT

Figures Submitted to Interstate Commerce Committee by I. C. Head

WASHINGTON, May 5.—With an estimated property investment of $2,280,000,000, southern railroad systems are deriving less than one per cent net return. An increase of $120,770,000 will be required to bring the revenue to the six per cent basis provided by the government.

C. H. Markham, president of the Illinois Central railroad, submitted these statements to the Interstate Commerce Commission today in his brief in support of the request of the southern roads for increased rates. He estimated the increase required to 20.7 per cent on the total or 30.9 per cent if derived entirely from freights, as recommended to the commission.

In order that distribution of traffic shall not be disturbed the statement recommended special treatment in the cas eof carload commodity rates on coal, cement, coke, stone and other low grade mineral products.

Any schedule of rates yielding less than 6 per cent on the investment, Mr. Markham continued would not enable the carrier to financ etheir growth.

WILL PROBE PRICES IN LUNCH ROOMS

CHICAGO, May 5.—An investigation of food prices in Chicago lunch rooms will be made by the newly appointed city council committee on high prices, it was announced today by Alderman Max Adamowski, chairman.

"The variation exists of three hundred per cent in the prices charged by various places giving exactly the same service and serving substantially the same quality of food", he said. "Food profiteering under the Lever law I take it is not permissable in restaurants than in any other line of business."

GOMPERS-ALLEN DEBATE MAY 28

TOPEKA, Kans., May 5.—Friday, May 28 has been set for the date of the Gompers-Allen debate on the Kansas industrial court law, according to information received by Governor H. J. Allen today. The debate will be held in Carnegie hall, New York.

Under the rules prescribed, each debater is privileged to appoint a committee of fifty to act as judges.

Governor Allen has been requested by the U. S. senate labor committee to appear before it to discuss the Kansas industrial court law.

WOMEN CAN VOTE ON NEW PROPOSITION

Quincy, Ill., May 5.—Judge Harry Higbee today rendered a decision of state-wide importance in the circuit court which allows women the privilege of voting for the organization of community high school districts. Their right to vote had been denied in a petition which asked that the election ordering the Camp Point community high school district be set aside on this account.

BANKS NOT RESPONSIBLE FOR SLUMP IN U. S. BONDS

Washington, May 5.—Increased discount rates allowed by the federal reserve board to member banks are not responsible for present market prices of liberty bonds, Governor Harding declared in a letter today to Senator Owen, Democrat, Oklahoma.

The board's efforts to curb inflation will do much to increase the market value of the bonds, Mr. Harding said.

OPERATORS AND UNION CHIEFS MUST ANSWER CONSPIRACY CHARGES

Will be Arraigned Before Judge Anderson at Indianapolis Today

INDIANAPOLIS, Ind., May 5.—John L. Lewis, president of the United Mine Workers of America, surrendered to a United States marshal here late today on a federal indictment charging conspiracy to voilate the Lever act and was released on $10,000 bond. He will be arraigned before U. S. District Judge A. B. Anderson in court here tomorrow with other miners and operators who were indicted by a special grand jury which investigated the coal strike.

In the indictment on which Mr. Lewis surrendered today, 125 miners and coal operators in Indiana, Ohio, Illinois and western Pennsylvania are named on 16 counts including the charge of conspiring to limit the production and to enhance the price of necessaries. Mr. Lewis said all members of the miners' union who had received notice of their indictment will appear in the federal court here tomorrow.

According to word from St. Louis this afternoon, the operators, however, have brought suit there to resist the removal to the jurisdiction of the Indiana district federal court.

Charles E. Hughes, special counsel for the United Mine Workers, was in the city tonight and will appear for the indicted union men in court tomorrow.

Cleveland, Ohio, May 5.—Attorneys for Cleveland operators included in the list of 125 miners and operators indicted in Indianapolis, Ind., in March for alleged conspiracy in violation of the Lever fuel control act, filed a bill of complaint in federal court here today.

The bill names District Attorney Wertz, Attorney General Palmer and others as defendants. It asks that they be enjoined from prosecuting the indictments, claiming the sections under which the indictments were returned are unconstitutional.

WILL ATTEMPT TO REPEAL PROHIBITION

WASHINGTON, May 5.—Another effort probably will be made in the house tomorrow to repeal the Volstead prohibition law.

Anticipating this move the house rules committee today agreed upon a change in the rules which would prevent such attempts thru amendments to appropriation bills.

The sundry civil bill, now before the house, carries an appropriation of $100,000 for enforcement of prohibition and it is the plan of the anti-prohibition leaders to try to kill two birds with one shot by moving to strike it out and repeal the law.

On the last test 86 members voted to repeal, but "wet" leaders said they had assurances that the number had grown to 106.

FOUND GUILTY OF MURDER FOR SECOND TIME

Helena, Ark., May 5.—Will Worclow, negro, was found guilty of first degree murder for the second time in circuit court here today as a result of his activities in connection with the racial uprisings near Elaine last fall. He is the second of the six negroes whose cases were remanded by the state supreme court to be reconvicted on a charge of murder.

ELECTION OFFICIALS INDICTED

Chicago, Ill., May 5.—Twenty judges and clerks of election were indicted today on charges of conspiracy in the election of November 5, 1918.

SEN. KNOX OPENS FIGHT ON HIS PEACE PROPOSAL

Speaks for Hour and Half to Crowded Chamber

ATTACKS STAND OF PRESIDENT

WASHINGTON, May 5.—Senator Knox of Pennsylvania opened the Republican fight in the senate today for peace, urging adoption of his resolution repealing the declarations of war against Germany and Austria, the former secretary of state spoke for an hour and a half to a crowded chamber.

The peace resolution which senate Republicans proposed to substitute for the house measure declaring peace with Germany alone, was not formally brought before the senate, and after Mr. Knox's address other business was taken up.

With a veto of the resolution by President Wilson predicted by both Republican and Democratic leaders, desultory procedure with the measure is in prospect. The Republicans do not plan to call up the resolution until late next week, and Senator Hitchcock of Nebraska spokesman, will defer his remarks until that time.

Senator Knox charged President Wilson with contending arbitrarily that the nation was still at war and with denying peace to America in order to coerce the senate into ratifying without change the treaty of Versailles. The senator declared that peace, legally as well as actually, now existed and that the proposed peace resolution was needed to end a "paper war status" and to strip the president of war powers.

Reaffirming his opposition to the league of nations even with the senate reservations, Senator Knox advocated an "understanding" between the powers to outlaw war and establish a world court. He also urged negotiation of a supplemental agreement, Germany to provide "reciprocal rights and obligations."

SEEK BETTER CARS FOR SHIPMENT OF STOCK

CHICAGO, May 5.—Resolutions requesting that railroads provide better cars for the shipment of live stock were passed today at a meeting of livestock dealers, commission merchants and representatives of the packing industry from all parts of the country under the auspices of the national livestock exchange.

Speakers said that thousands of cattle and other livestock were injured from projecting spars and broken floors in the cars in which they are shipped. Reports kept by members of the institute of American meat packers during a recent week showed that of 40,238 ctattle dressed, 11,650, or 29 per cent, were bruised. On account of bruises more than 14,000 pounds were removed, according to the records. Under federal inspection last year, 3,716,141 pounds of meat were removed throughout the country on account of bruises to cattle.

CONGRESSMEN PROTEST TO LLOYD GEORGE

LONDON, May 5.—The cablegram sent to Premier Lloyd George yesterday signed by 88 members of the Amercian house of representatives, protesting against the imprisonment without arraignment or trial of persons arrested for political offenses in Ireland, has not yet been presented to the premier because of his illness, which will preclude him from transacting state business for a day or two longer.

Other officals at No. 10 Downing street said today that they were unwilling to suggest what, if any, action the premier might take with regard to the message.

RECOGNIZES BRAZIL'S RIGHT TO SHIPS

Rio Janeiro, May 4—The French ambassador today transmitted to the Brazilian foreign office a note from his government declaring France recognizes Brazil's right to ownership of the former German ships seized in Brazilian waters. President Pessoa in his message to congress yesterday said that France had not yet replied to Brazil's request for a definite statement of France's attitude in the matter.

CANDIDATE DIES AFTRE HARD DAY AT POLLS

SECRETARY WILSON ISSUES RULING ON DEPORTATION CASES

Being Member of Communist Labor Party not Ground For Deportation

WASHINGTON, May 5.—Secretary of Labor Wilson ruled today that membership in the communist labor party does not of itself constitute sufficient ground for deportation of aliens.

In ordering cancellation of a warrant under which Carl Miller, a German was held because such membership, the secretary declared that while extracts from the organization's platform indicated an extremely radical objective there was no evidence of intention to use force or violence toward organized government.

The department of justice frankly deplored the labor secretary's decision, Assistant Attorney Garvin, in charge of raids on radical elements, asserting that because of it all undersirable aliens could enter the folds of the communist labor party and be free from government interference.

Since Mr. Wilson already has held that an alien could not be deported because of membership in the I. W. W. only membership in the communist party now bring an alien within the purview of the law providing deportation for those affiliated with existing organizations that believe in or advocate the overthrow by force or violence of the government.

Although Mr. Wilson declared that examination of their platforms showed "some very substantial differences" between the communist and the communist labor parties, Mr. Garvan asserted tonight thtat in principle they were "absolutely the same".

Secretary Wilson said it had been argued by counsel that the tactics of the communist party in Russia "are the methods intended to be pursued by the communist labor party of America, and that certain statements of prominent communists relative to the objects of the communist labor party should be taken as showing the intent of the party itself.

"Excerpts from the communist labor party platform and program indicate an extremely radical objective, but there is nothing in them to disclose an intention to use force or violence, or that is incompatible with the use of parliamentary machinery to attain the radical view that is expressed. The belief in teaching, and advocacy of the class struggle, mass action, the conquest of political power, the dictatorship of the proletariat, socialism, communism, the one big union, shop committees, shop stewards and other social, economic and political changes mentioned in the communist labor party platform and program, however, repulsive though they may be to the minds of any or all our people, do not bring the organization within the purview of the act as long as it does not propose to use force or violence to accomplish the purpose."

CARMEN AGREE TO POSTPONE STRIKE

CLEVELAND, Ohio, May 5.—Following three conferences between Mayor W. S. Fitzgerald, city council members, John J. Stanley, president of the Cleveland street railway company, W. B. Fitzgerald, international vice-president carmen's union, and local union officials, the threatened strike of 3,000 Cleveland street car men, scheduled for midnight tonight was indefinitely postponed in an agreement reached late today.

Under the terms of the agreemen, union and company officials will leave to a council committee the matter of arranging more convenient running schedules and the men will take a second vote o the company's proposal for a 15 cent per hour wage increase to 75 cents an hour, a six hour minimum day, without time and a half for overtime.

The vote will be taken on Friday next.

PROHIBITION AGENTS HAVE NO POWER

CHICAGO, May 5.—A ruling that federal prohibition agents are private citizens and therefore not competent to make complaints in internal revenue cases without the written approval of the district attorney was received today from Washington by federal officers.

Major A. V. Dalyrmple, prohibition director for the central states, and Captain Hubert Howard, federal prohibition director of Illinois, departed today for Washington to attend a conference of prohibition directors called by Commissioner John F. Kramer.

COLD APRIL

Des Moines, Ia., May 5.—April of this year was the coldest since 1907, and as one result plowing for corn in Iowa is probably not more than one quarter done and there has been no corn planted as yet, according to the weekly weather and crop bulletin issued today by the United States department of agriculture through the local weather bureau. The report included conditions up to May 4.

NAMED DIRECTOR OF BUREAU AND MINES

Washington, May 5.—Frederick G. Cottrell of California was nominated today by President Wilson to be director of the bureau of mines, succeeding Van H. Manning, resigned.

CON CONS REFUSE RECOGNITION OF STATE UNIVERSITY

Vote to Eliminate Educational Committee's Report

HOLD FIRST P. M. SESSION

SPRINGFIELD, Ill., May 5.—Recognition of the University of Illinois in the new basic law of the state, was refused by the constitutional convention delegates today. By a vote of 36 to 31 the convention voted to eliminate from the educational committee's report the section providing for recognition of the state university. Opposition to the section developed because of the provision which would make permanent the election of trustees of the institution.

The convention, meeting in committee of the whole, had the educational committee's report under consideration at the morning session and again at an afternoon session, this being the first after midday session held by the convention.

Before adjournment the fourth section of the proposed article on education was reached. This section provoked a long discussion because of a minority report submitted by Delegate Henry Dunlap of Savoy. Delegate Dunlap's report would forbid the use of state funds for the maintenance of sectarian institutions. Consideration of this section will be resumed tomorrow.

During the day the convention adopted the first section of the article which is the same as in the present constitution. The second and third sections were also approved after the reference in the second section to the University of Illinois had been removed. The third section is the same as in the present constitution and exempts school property from taxation.

The afternoon sessions which were inaugurated today will probably be continued as the effort to hold Friday sessions has practically failed. The convention will meet tomorrow at 9 a. m. and 4 p. m. The early part of the afternoon will be given over to committee meetings.

At a meeting of the committee on executive department this afternoon it was decided to report as a separate proposal a plan which would provide for the appointment by the governor of the secretary of state, the attorney general, the superintendent of public instruction and the state treasurer. Hhis plan is advocated by short ballot proponents.

This proposal would also permit the governor to issue more than one proclamation in calling a special session of the general assembly.

NEW DEPARTMENT NEEDED AT U. OF I.

CHAMPAIGN, Ill., May 5.—Resolutions authorizing the appointment of a committee to obtain an appropriation from the next state legislature to provide for a commercial research bureau in connection with the college of commerce at the University of Illinois were passed today by delegates representing 20,000 Illinois business men at the third conference of the chamber of commerce.

The need for such a bureau was emphasized by several speakers. The resolutions also indorsed the work of the college of commerce of the state university, as well as the work of the state organization in helping to obtain a more adequate income for the university.

MEDALS GIVEN ARMY ESSAY WINNERS

WASHINGTON, May 5.—Secretary Baker today presented medals to the three prize winners of the army national school essay contest. The presentation was made in the stadium of the central high school in the presence of the school children of Washington and many high army officers and other government officials.

The gold medal was presented to Donald L. Campbell of the Clinton, Iowa, high school; the silver medal to Marjorie Sheetz of the Chillicothe, Missouri, high school, and the bronze medal to Bessie Bowen Eason of the De Soto county high school, Olive Branch, Mississippi. Silver loving cups also were awarded the schools which the winners represented.

The exercises at the stadium were preceded by a parade in which detachments representing nearly every branch of the army participated.

Many thousands of democrats, in state after state, are turning away from their party and going into the republican primaries with the purpose of voting the republican ticket in November. This is one of the specific facts in the present political situation which is casting gloom over the democratic political chieftains.

WOULD PROTECT THE PUBLIC

Senator Walter E. Edge of New Jersey believes that men who are engaged in pursuits connected with the life and health of the people should not quit their posts without giving due notice of their intentions. He has introduced a bill making it unlawful to do so.

Have you noticed that very little has been said in recent days about the overall clubs? The fad lasted about as long as it had merit. Anyway, the manufacturers of overalls must have been able to dispose of any surplus stocks and at very satisfactory prices.

Corn prices have continued to ascend while the hog market has shown decline. It used to be counted as certain that the price of livestock was reflected from the grain prices and that both followed the same course. Nowadays that doesn't seem to be true. It's just another of the contradictions that it is difficult to explain.

Gen. Wood still seems to be leading in Indiana primary results, with Senator Johnson as a close second. There isn't very much satisfaction in the results for anybody concerned. The day should come when the primary laws of the different states are uniform or else the laws should be abolished. The latter course is far preferable.

The outlaw strike of switchmen has been dragging along for weeks with most reports indicating that it has failed and that the men are returning to work. But the facts are that "the outlaw" strike is still impeding business and that the movement of freight is not normal. Even if the strike were declared off today, it would take weeks to recover from the losses in freight movement.

One of the big contests before the constitutional convention is over the proposed limitation of Chicago representation in the general assembly. One interesting fact developed is that one Chicago paper and its supporters do not object to some limitation. This state of mind is brought about by the belief that the downstate country should not be at the mercy of certain political influences which from time to time dominate the metropolis.

The eastern shoe manufacturer who testified before an investigating committee that his firm made only 2 per cent on war contracts with the government is certainly a patriot of the right type. That company, according to the testimony, handled $22,000,000 worth of contracts at a profit of about $400,000. It is unfortunate that all manufacturers who had government contracts did not take a like position.

The harmonious spirit and the cheerfulness with which Republicans view the coming campaign were both well in evidence at the meeting of the congressional convention yesterday. Every action taken was by unanimous consent and the Republicans of the ten counties within the district are working together in a political cooperative way which gives earnest of party success in November. They are all looking forward to a satisfactory ending in the presidential race and believe the party will enter upon the fall campaign in a spirit certain to succeed.

The Wannamaker store in New York has announced a 20 per cent discount on all its goods. The management says this is an effort to help cut down living costs. This is a fine example but the benefits will be small unless other great merchandising concerns follow the plan. If the big city stores the country over were to join in such a movement, then the smaller stores would quickly fall into line.

Herbert Hoover probably has very little chance of the Republican presidential nomination. It is not reasonable for his friends to expect such a nomination when his long residence abroad is remembered. Nevertheless, Mr. Hoover made a worth while statement when he said that the party and the candidate that succeed in the next campaign must do more than criticise and condemn. "It's constructive common sense that is wanted—programs that really solve some of the big puzzling questions of the day."

Men in public life must have strange sensations as they find how differently their activities are viewed. Francis S. Peabody, the Chicago coal magnate, was recently indicted for alleged participation in a plot of coal men to limit production to the detriment of the people and the government.

Now Mr. Peabody has just been notified that the king of Italy has conferred upon him the rank of knight commander of the crown of Italy. This distinction has come because of patriotic assistance given to Italy while he was serving with the government coal commission in the war time. These facts indicate quite diverging views as to Mr. Peabody's activities.

SAVED HALF A MILLION

A Congressman from Illinois can be credited with saving to the treasury half a million dollars that a member from Georgia sought to have appropriated to benefit a summer resort in his state. During the consideration of the Fortifications Appropriation bill an amendment was offered to expend $500,000 "for the protection of the shores of Fort Screven, Georgia."

On its face the proposition looked innocent, but questioning by Mr. Madden brought out the fact that the fort is located on Tybee Island; that the private residents on the island have spent money in making the place" one of the most attractive summer resorts on the Atlantic Coast," as as admitted by the proponent of the amendment; that beautiful palm trees have been planted where they are in danger of being knocked down by the waves unless certain jetties are built; and that the links in a golf course are in danger of being disconnected by the encroachment of the sea. Representative Madden made it apparent at once that the real purpose of the amendment was to get $500,000 of Federal funds to spend in the protection of the summer resort, the palm trees, and the golf links. After Mr. Madden had uncovered the facts the amendment was promptly defeated.

Rippling Rhymes

Housecleaning.

I'd like to be an Eskimo and in an igloo dwell, and eat fried ice and scrambled snow, and go outdoors and yell. The humble Eskimo is glad, we see him dance and sing; his womenfolk don't drive him mad by cleaning house each spring. He isn't driven out of doors to hunt for frozen grub, the while the women scrub the floors—there are no floors to scrub. He is not chased, to beat the band, from out the divers rooms, by dames with brooms and mops in hand—there are no mops or brooms. Year after year he sits in peace, or lies upon his back, clothed in his wholesome film of grease, and no one cleans the shack. His treasured goods are pot mislaid, as mine are every year; and he can find his blubber spade, his corkscrew and his spear. And if he spills a cataract of ashes on the floor, no woman reads the riot act, no female heart is sore. I'll go to join the Eskimo when next a vessel starts, for I am tired of all the woe that cleaning house imparts. I'm tired of sitting on the stairs, oppressed by fantods three, because the couches and the chairs are hung upon a tree.

MRS. ORNAN PIERSON DIES IN CARROLLTON

Early Resident of Jacksonville Passed Away at Home of Her Daughter.

Carrollton, Ill., May 5.—Mrs. Maria Pierson, widow of the late Ornan Pierson, died at the home of her daughter, Mrs. James McNabb, in this city this morning at 5 o'clock. Her maiden name was Miss Maria Stryker. She was born in Orange, New Jersey and moved with her parents to Jacksonville, Ill., in 1849 where she resided until her marriage to Ornan Pierson January 31, 1861. She was 80 years, 2 months, and 29 days old. Mr. Pierson died November 2, 1917. The living children are Mrs. James McNabb, Miss Florence Eugenia Pierson and J. H. Pierson.

The deceased leaves six grandchildren, James P. McNabb, son of Mr. and Mrs. James McNabb, Robert Pierson, son of David Pierson, deceased, and Stuart W., Ornan, Henry and David, sons of J. H. Pierson. Mrs. Pierson was a sister of Henry Stryker and Mrs. J. A. Hellatti of Jacksonville.

Her funeral will take place from Trinity church Friday at 2:30 p. m. Mrs. Pierson was a kind, cultured lady whose charming disposition won the love of all who knew her. She never had an unkind word for any one. She was a devoted member of the Episcopal church.

OLIVER HOLMES DIES IN PRASONS, KANSAS

Th Parsons (Kans.) Daily Republican in a recent issue gievs facts of the death of Oliver C. Holmes, well known business man there. Mr. Holmes is well remembered by a number of Jacksonville people as he was a student at the business college here some years ago. At that time he formed the acquaintance of M. R. Fitch and other business men and their friendly relations have continued thru the years.

Mr. Holmes was associated with his father, Dr. W. C. Holmes, in the ownership of a drug store in Parsons and was also interested in other lines of business. The Pasrons paper refers to him as a man of splendid character and business spirit. He has been associated with all the forward movements in Parsons during recent years. He was a member of the Episcopal church and the funeral service took place at the St. John's Episcopal church in Parsons. The remains were taken to Kansas City for cremation.

PHI ALPHA SOCIETY IN ANNUAL MEETING

Program Heard by Large Audience—Number of Alumni Present at Meeting.

Phi Alpha Literary society held its annual open meeting in the society hall last evening. There was a large crowd of visitors and a number of alumni members present.

The meeting was opened with prayer by the chaplain, Raye Ragen, and consisted of the program which was printed in Wednesday's Journal with the exception of a short talk by Mr. S. W. Nichols.

The debate on coeducation in college proved to be vry amusing and following the debate the negative of the question was ably defended by Miss Thompson, librarian of the Woman's College. The judges voted the ability of the question to the affirmative and the house voted the merits with the decision.

J. J. BRENHOLT MAY SEEK STATE OFFICE

An Alton paper recently said that John J. Brenholt of that city has been selected by the Thompson organization in Chicago as candidate for secretary of state. Mr. Brenholt has not fully indicated his intentions but has evidenced his friendliness to Mayor Thompson and his associates and will work with them in Madison county. Mr. Brenholt's father was known to many Jacksonville people of early days as he graduated from Illinois college. He was long prominent in politics and public life in his home city.

CONCORD PEOPLE AID IN COLLEGE CAMPAIGN

Subscriptions of $600 Made in One Day—Others Will Join in the Good Work.

The first organized drive of Illinois college campaign in the country precincts was in Concord Wednesday, with very gratifying results. The representatives of the college found generous and sympathetic interest shown by the people. The subscriptions during the day amounted to $600 and a number of persons expressed their intention of making subscriptions in the course of a very few days, so that it is believed that the precinct will readily give $1,000 toward the cause. When the subscription list of the precinct has been completed the names of subscribers will be published.

Last Saturday night the girls' glee club of the college gave a concert at the M. P. church and a brief talk was made by Dr. Thomas Smith. This event served to initiate the precinct campaign, and a great deal of interest was manifested. The Concord committee included George Deitrich, T. H. Pratt and Squire Brockhouse. They were assisted by H. H. Bancroft, Eb Spink, W. B. Rogers, Judge E. P. Brockhouse and Dr. C. H. Rammelkamp.

As already indicated, the college campaign work will be carried on in the county as weather conditions permit.

RECENT HAPPENINGS IN WINCHESTER

Mrs. James Wainwright Returns to Home in Alton—High School Juniors to Give Play—Other News Notes from Scott County.

Winchester, May 5.—Mrs. J. C. Grout left Wednesday afternoon for a brief visit in St. Louis.

Mrs. James Wainwright returned Wednesday to her hame in Alton after a visit with her parents, Mr. and Mrs. Nathan Wallace.

Miss Jennie Richardson of White Hall visited relatives here Tuesday and Wednesday.

Mrs. Bertha Reutschke of White Hall was a busniess visitor in Winchester Wednesday, returning home on the afternoon train.

Newton Moore and Hiram VanGundy of Bluffs were business visitors in Winchester Wednesday.

Mr. and Mrs. Ornsby Dawson of Jacksonville visited friends and relatives here Wednesday.

In recent mention of the play to be given here May 21, it was stated that pupils of the high school would present "Milestones" on that date. This was in error, as it is the junior class members who are to present the play.

C. A. Lively of the high school faculty was absent from his duties Wednesday on account of illness.

TRINITY CHURCH BENEFIT CONCERT

A large audience gathered in Music hall at Illinois Woman's College Wednesday evening to hear the concert given by local musicians for the benefit of Trinity church.

The program was made of excelent numbers and the best musicians of the city participated. It is needless to say that every number was given splendid rendition and the artists were greeted with hearty applause.

Th concert netted a goodly sum for the ladies of Trinity and they appreciate very much the kindness of the various artists who gave of their talents to make the affair a success.

More About Overalls

In our advertisement last week we told you our opinion of the Overall Fad. Just read the following dispatch from the Chicago Herald and Examiner:

MAKES A MILLION IN OVERALL FAD

By F. C. BERTELLI.
Herald and Examiner-Universal Cable

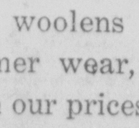
PARIS, April 25.—Flashing like a meteor into Paris, loaded with more diamonds than the late "Jim" Brady, and scattering handfuls of bills with the prodigality of "Million Dollar" Gates, Johnny Sorenson of New York, the first overall millionaire, who has just sold out his interest in the big overall factories in Newark, N. J.; Schenectady, N. Y., and Buffalo, N. Y., at a thousand per cent profit arrived at Claridge's grabbing the royal suite a moment before Prince and Princess Christian telephoned requesting reservation.

At the Longchamps races today Sorenson announced he was going to Monte Carlo Thursday to "break the bank," and then as an inspiration, he sent a thousand franc note to the orchestra leader with the request to play nothing but the latest American jazz.

"The overall campaign in America is the biggest publicity stunt ever pulled off," said Mr. Sorenson.

"It originated in the brain of a New York reporter, who, seeing the possibilities of the 'story,' went to the biggest overall firm in the country and put the scheme in operation. He got $10,000 for the idea and was given a job at the head of the firm's publicity department.

"The stock of my company bounded from 43 to 600 in a few days after the idea was sprung on the public. At the psychological moment I sold out and grabbed the first boat for France to get a cocktail."



Our Advice

Have your clothes made to order. Choose good materials, and get two pairs of trousers with every suit. This is true economy as it enables you to get the full wear-value of your suit and you buy much less often. Stay away from "Fads." Some "interest" always is back of them and they serve only to increase expense on some one else.

We invite you to call and inspect our new woolens for summer wear, and learn our prices.

SUNDAY SCHOOL WORKERS COMING

State Association Convention to Open Here June 15 — Program Shows Names of Prominent Speakers.

The tentative program for the annual state convention of the Illinois Sunday School association, which will be held here June 15, 16 and 17, has been issued. A meeting of the local committee for the further discussion of the plans relating to the convention will be held tonight at the office of Dr. G. H. Kopperl.

The main sessions of the convention will be held at Central Christian church, Grace church, State Street church and the First Baptist church. It is the expectation that from 1,500 to 2,000 delegates will be in attendance. The entertainment committee will therefore have a big problem in arranging for all these visitors. Among the prominent Sunday school workers who will take part in the program are the following:

With the Kobzy Safety Signal

Housed on Your Rear Left Fender in Plain View of the Driver Behind, You Notify the Car Behind Just What You Intend to Do

Rear end collisions are practically unavoidable unless a definite means is used to signal traffic behind. Arm signals fail in critical moments and are impossible in closed cars. When at the wheel you are always wondering what the car ahead will do. The driver behind is wondering about YOU. Leave no doubt in his mind. Let him know definitely, positively, without chance of misunderstanding.

The Kobzy Signal Operates on the Semaphore Principle—Visible from Front and Rear—Day and Night.

SUFFERED TEN YEARS FROM INDIGESTION

Trouble Gone, Appetite Strong, and Eats Anything Without Distress.

"I had a case of catarrh and indigestion, of ten years standing. I had been treated by the best medical men in Michigan. When I commenced taking Milks Emulsion, I was in bed. I improved so fast that I kept the neighbors wondering. I am now up and working every day. My cough is gone. My appetite is great, and I can eat anything without hurting me."—H. D. Lovelee, Rockford, Mich.

Indigestion is seldom cured by "helping" the stomach digest food. Digestives, like physic pills, usually make slaves of the stomach and bowels.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day. It produces remarkable results in colds, coughs and bronchial asthma.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and $1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

STRICT DEMOCRATS IN CONVENTION

tional Administration and Congressman Rainey Endorsed—James McNabb is State Committeeman—John W. Clary to be Presidential Elector.

At the Democratic district convention held in Jacksonville yesday James McNabb of Carrollwas elected a member of the te central committee and John Clary of Jacksonville was ensed as presidential elector. solutions presented strongly mmended the Democratic nanal admisintration and the recd of Congressman Henry T. iney. Judge W. H. Dieterich Beardstown was the chairman the convention and W. S. Binns Pittsfield, secretary. Mrs. ude Schweer served as assistt secretary.

A telegram was read from Conssman Rainey expressing his reet at his inability to leave Washton at the present time. The nvention was called to order at 30 o'clock but as it was necesry to wait for the coming of the rsey county delegates, no imrtant business was transacted til a second session was held at clock.

Speech Haking in Order

The call to order came from ank Williams of Carrollton, who sided temporarily. On assumg the chair Judge Dieterich spoke briefly, attacking the record of the Republican party and expressing his confidence in the possibilities for Democratic success in the fall election. Hon. W. E. Williams of Pike county was called for and talked about the political outlook. In his view the Democratic party will go into the campaign with a united front and based on its record with an excellent chance of party supremacy.

Mr. Williams found much in the record of President Wilson to praise and was caustic in his criticism of the Knox peace resolution. Miss Mayo of Pike county also spoke briefly and gave evidence that the women of the district are becoming thoroly posted in political affairs. Miss Mayo is chairman of the woman's Democratic organization in the 20th district.

The committee on resolutions included J. M. Page, O .T. Briggs, M. F. Dunlap, Elmer Williams, John Pratt, Harry Levering, Rollo Six, and E. D. Beird. This committee recommended the following resolution and it was adopted:

Resolutions Adopted.

We, the representatives of the Democracy of the Twentieth congressional district in convention assembled reaffirm our faith in constitutional government.

We believe all men are created equal and we are opposed to all legislation that does not give equal rights to all and special privileges to none.

We congratulate the convention upon the fact that for the first time in history of this state there are women delegates and hope the constitutional amendment giving the women the right of equal franchise will be soon adopted and become a law.

We declare our allegiance to and faith in the democracy, statesmanship and patriotism of our President, Woodrow Wilson, and call attention of the people to the many constructice measures adopted during his terms as President. Never has a President been so harassed and buffeted by conditions arising as has President Wilson. Even before he took his seat as President, trouble with Mexico had been brewing and had arrived at a crisis from that day to this, trouhas attended him in the exercise of his official duties, the great World War being one to tax the ability, honesty, integrity and patriotism of the head of this great nation, but in all of these were found him a man among men.

We heartily endorse and favor the adoption of the league of nations and sincerely regret that there should have been any delay in its adoption, which would make future wars impossible.

Resolved, that we heartily endorse the work of our congressman, Hon. Henry T. Rainey, who has shown by his faithfulness to his contstituents, to be a man who all delight to honor. By his many years of service in congress he has made himself a power which he has exercised in behalf of the people of this district and for Democracy generally, being ever ready to do that which he felt was for the best interests of the citizens of this, the Twentieth district. Especially during the war did he look after the inteersts of the boys, both overseas and at home, and when the war was ended was indefatigable in his efforts to have them returned to their homes. He has ever been a good friend to the soldiers, not only those of the present day, but the Civil war veterans, and in hundreds of cases has secured their rights under pension laws and pensions for their widows. We heartily endorse his efforts to secure the bonus asked by the soldier by placing the tax for same upon the profiteer and those who were benefitted so much financially by the war.

The telegram read from Congressman Rainey was as follows:

FROM MR. RAINEY.

The following telegram from Congressman Henry T. Rainey of Carrollton was read before the convention at 3:30 o'clock.

Washington, D. C., May 4, 1920.
Chairman Democratic Congressional Convention, Jacksonville, Ill.

Please give my best regards to the convention. I regret that I cannot be with you. Congressman Mitchin's serious illness makes it impossible for me to leave Washington The first session of the Republican congress in a decade is drawing to a close. The Republican party enters the campaign without having kept a single campaign pledge. There is no legislative achievement to which they can point with pride. We ought to be in the very middle of reconstruction but we have not even started in that direction; there have been no economies. No nation ever expended so much in time of peace as we are spending under bills passed by Republican congress.

Under a Democratic congress we won the greatest war in history. With nearly all the armed forces of the war zone we are unable under a Republican congress even to achieve peace with over sixty committees at work. They have investigated the Democratic management of the war but have been unable to find any fraud in the expenditure of forty billion dollars which can be attributed to the Democratic management of the war. We are entering upon a campaign which promises to be the most interesting we have had since 1896.

We have back of us a record of achievement without parallel in the history of legislative bodies; they have nothing back of them except broken promises. The people are beginning to understand that the way to achieve peace and return to normal conditions is to again place in power the party which has demonstrated its ability to do things.

Henry T. Rainey.

At the conclusion of the convention chairmen and secretaries of the different county committees met and perfected an organization by selecting P. H. McDonough of Carrollton as chairman and John W. Clary of this city as secretary.

GUY LYNN WRITES FROM COLORADO

Gives Interesting Details of Life at M. W. A. Sanatorium at Woodmen, Colo.

Guy Lynn, who is at the Woodmen sanitarium in Colorado, is improving steadily and has recently written an enthusiastic letter about the institution. He wrote to his friend, J. Earl Vasconcellos, who is secretary of Camp 912. In this letter the writer sets forth some interesting facts:

Woodmen, Colo.,
April 26, 1920.

Dear Earl:

I will write you what is being done at the M. W. A. Sanatorium. It is probably the most up to date and modern equipped institution for the treatment of tuberculosis in the civilized world. It is located 12 miles northwest of Colorado Springs and comprises more than one thousand acres. It has a hospital with accommodations for about sixty patients and tents to accommodate about one hundred and eighty patients, arranged on the colony plan. These tents were donated by various camps in different parts of the country and each one bears an inscription, with the name, number and location of the camp donating it.

The medical staff is comprised of well qualified physicians who together with a force of competent nurses look after every want and need of the patients. The buildings are just at the base of the mountains at an altitude of 7,000 feet while Mt. Cedar, rises to 9,000 feet, is at our back door. The population of Woodmen is approximately 400 people and our nearest neighbors are the howling coyotes, owls and rattlesnakes. We certainly have been thrust into the very lap of Dame Nature where relaxation is easy and rest most refreshing, away from the turmoil and strife of the business world and with little to think of. It could not have been more ideally located for its purpose.

The climate is good most of the year with the exception of about two months, April and May. The main factors in the treatment of this disease are rest, diet, sanitation and fresh air. We rest at least six hours a day flat on our back either upon our bed in our tent or in a reclining chair upon the outside and during these periods of from one to two hours at a time, we are strictly forbidden to read, write or carry on any conversation whatsoever but must thoroly relax ourselves and rest absolutely.

The diet is well balanced, nourishing food of the very best quality and well served. Patients usually gain rapidly in weight, sometimes putting on from two to four pounds every week. The sloping condition of the ground makes the drainage excellent and receptacles are provided for all rubbish which is daily carted away and burned as also are the sputum cups used by the patients. The penalty for expectorating anywhere but in your cup is a severe lecture and if still persisted in means a dismissal from the institution.

It goes without saying that we have plenty of fresh air for during chasing hours and at night we are required to have all windows and doors of our tent open. Our water supply is furnished by the melting snow in the mountains and is sparkling pure and plentiful. The best mode of preventing the spread of the disease is not expectorating, coughing or sneezing when any other person might be infected by the germs thrown from your lungs or throat, and education along this line is very essential.

For our amusement and instruction we have moving pictures once a week and a lecture by some member of the staff at regular intervals.

A library consisting of 2,000 volumes is at the disposal of the patients, so the life here could hardly be called monotonous.

Sunday school is held every Sunday. A daily record is kept of the patient's condition and a physical examination is given him every sixty days to note his improvement.

During the existence of this institution nearly 5,000 patients have come under the observance of the medical staff here and the majority of the cases have been dismissed as entirely arrested or greatly improved. However the fight does not end on leaving the Sanatorium, but is to continue indefinitely and the patient's future health depends largely on how well he has learned his lesson here. The fellow who has been the most persistent in his chasing and has ardently obeyed all the rules is the one who will profit the most.

The fact alone of having the privilege of the Sanatorium is a good and sufficient reason for every member of the society retaining his membership therein, and a strong plea for those who are not members to file their application to become members at once. Dr. J. G. Pace of Lincoln, Nebr., is the new superintendent and medical director and a very pleasant man to meet.

Now in conclusion I want to say that taking it from all around the M. W. A. Sanatorium is one wonderful place. With best wishes to yourself and family, I remain,

Sincerely yours,
Guy Lynn.

IN COLLISION

About 4:30 Wednesday afternoon the J. W. Wells poultry and egg truck and Buick touring car, driven by P. R. Briggs, collided at the corner of North Main street and the square. The truck was not damaged but the Buick received two badly smashed headlights and a bent fender and radiator. Mr. Briggs was driving west very slowly and had just reached the head of Main street as the truck coming east rounded the island light and side-swiped the front of his car. Mr. Briggs stated that he did not see the truck, possibly because of the sun on his windshield, nor did he hear it. The name of the driver of the truck was not given.

DR. JONES CHOSEN IN NON-HIGH SCHOOL DISTRICT ELECTION

The returns of the non-high school district election have been canvassed in the office of County Supt. H. H. Vasconcellos and Dr. R. R. Jones of Woodson declared elected to succeed himself as a member. The board of non-high school district No. 119 now includes Dennis Whalen, Walker W. Henderson and Dr. Jones. This territory includes all that part of Morgan county which is not in any high school district. Under the present school law a special tax is levied in such district to pay the tuition of any pupils therein who desire to attend high school. The tax rate the past year was 16 cents and about $16,000 was raised for this fund.

The county treasurer by virtue of his office is the treasurer for the non-high school district. Pupils in the district who desire to take advantage of the law's provisions so report to the non-high school district board and arrangements are made for their tuition at the high school of their choice.

REPUBLICANS HELD DISTRICT MEET HERE

REPRESENTATIVES OF 45TH WORKING IN HARMONY

Lowden's Work Endorsed—S. E Simpson is Again Central Committee Member—W. W. Watson Urged as Presidential Elector—Would Like to See Andrew Russel Governor.

The Republican congressional convention was in session in Jacksonville Wednesday. S. E. Simpson of Carrollton, member of the state central committee, gave the call to order and Andrew Russel of this city was chosen chairman and Burr Swan of Pittsfield was the secretary. When the roll was called it was found that every county except Calhoun was represented. The convention endorsed W. W. Watson of Barry as presidential elector and Mrs. Earl S. Grigsby of Pittsfield for the nomination for trustee of the University of Illinois. Andrew Russel was endorsed as a candidate for the Republican nomination for governor.

S. E. Simpson was re-elected as a member of the state central committee to serve for a period of four years. After some discussion it was decided to name a steering committee, one from each county, to meet in Springfield next Sunday night to talk over affairs relating to the state convention which will be held the following day.

At 8 a. m. the delegates and alternates from the different counties of the district will meet in the office of State Auditor Andrew Russel and at that time the steering committee will make its report and recommendations with reference to convention affairs.

When the name of W. W. Watson was presented for presidential elector he was endorsed on motion of W. L. Alexander of Jacksonville with a second by E. E. Caldwell of Havana. It was decided that there should be no committee on resolutions. However, the convention decided to adopt the resolution commending the administration of Gov. Lowden which was passed by the Morgan county convention ten days ago. This resolution is printed below.

Mr. Russel Endorsed

The convention yesterday endorsed Andrew Russel of this city for the nomination for governor. Mr. Russel stated that he appreciated the endorsement and would count it as a compliment, but wanted it understood at the present time he is not a candidate for the nomination. Mr. Russel said that he believed it was the duty of Illinoisons now to take no thought about the governorship but to devote all their best energies in supporting the presidential candidacy of Governor Lowden.

Mr. Simpson was nominated to succeed himself as member of the state central committee by E. E. Caldwell of Havana, with a second by M. D. King of Pittsfield.

On motion of John J. Reeve of this city the congressional committee was given power to fill any vacancy on the congressional ticket which may occur. It was suggested that at an early date the chairman and secretary of each county central cofmittee hold a conference and elect a chairman and secretary of the congressional committee. Mr. Russel said it would be an excellent idea to have this made a matter of record in each county of the district, since the organization will continue thru a four year period.

The members of the steering committee appointed, all of whom will be guests of Andrew Russel at dinner at the Sangamo club in Springfield next Sunday night are:

Brown county, Edward Shaw; Cass county, J. J. Neiger; Jersey county, H. L. Chapman; Mason county, E. E. Caldwell; Menard county, R. R. Ruh; Morgan county, John J. Reeve; Pike county, M. D. King; Scott county, B. F. Green.

The members from Calhoun and Greene are to be named.

Burr Swan, with a second by W. W. Watson, moved that the convention endorse Mrs. Earl S. Grigsby as candidate for member of the board of trustees of the University of Illinois, and this action was taken by unanimous vote. Mrs. Grigsby was called upon and spoke very briefly. She is chairman of the Pike County Republican Women's committe and is a granddaughter of Col. A. C. Matthews, long a conspicuous figure in the affairs of this part of the state. Col. Matthews served in the war time in the 93th Illinois volunteers and filled the post of comptroller of the currency under President Harrison. Mrs. Grigsby's candidacy for the University of Illinois board is attracting favorable consideration.

Among women present at the convention with Mrs. Grigsby were Mrs. J. J. Reeve, Mrs. Miller Weir and Mrs. J. H. Danskin.

The Lowden resolution which was approved is in the following language:

Lowden Is Commended.

The Republican party is to be congratulated upon the splendid administration of state affairs in the state of Illinois under the directing influence of Governor Frank O. Lowden.

Notwithstanding the disturbed conditions, and the extreme high cos. of operation in all departments of public affairs, still, under his splendid business management, the tax rate in Illinois has been reduced instead of having been increased. The strictest economy has been observed and the best business judgement has been exercised.

More than a half century ago when the country was in dire distress, the preservation of the Union was the paramount issue. Illinois furnished to the nation, a great leader whose guiding influence was directly responsible for the preservation of the Union in the person of the immortal Abraham Lincoln.

Today we are confronted as a nation, with the situation which is as grave as the situation which confronted us in the "60's." The maintenance of law and order and the inculcating of the principles of true American citizenship into every inhabitant of our country, is imperative.

Illinois again offers to the nation as its chief executive, a man who stand firmly and unflinchingly for the maintenance of law and order and for the inculcation of the highest type of citizenship into every person who enjoys the liberties and priveleges of the United States of America."

Therefore, Be it Resolved, That, Whereas, the candidacy of Governor Frank O. Lowden of Illinois for the Republican nomination for president of the United States has been overwhelmingly endorsed by the people of the statewide preferential primary.

"Therefore, Be It Resolved, That we do most heartily concur in such endorsement and instruct the delegates from this county to the state convention loyally to support all measures and motions which have for their purpose the promotion of his candidacy."

Ladies Missionary Society of Union Church Met Yesterday.

The Ladies Missionary society of Union church met Wednesday at the home of Mrs. Ed Bingman. There was a large attendance of members and visitors. Among the visitors were: Mrs. Potter of Tallula, Mrs. Camm, Mrs. Ed Curry and Mrs. John Sevier of Waverly, Mrs. Joseph Jackson of Jacksonville.

At noon an excellent dinner was served which netted a neat sum for the society. The society also pledged $250 toward the new church building. It also was voted to hold a market May 16, on West State street but the location has not yet been decided upon.

May Party at Christian Church

The Ella Ewing Circle of Central Christian church gave a May party at the church Tuesday evening which proved a very pleasant event. The church parlors were prettily decorated with spring flowers. The evening was spent with various games and a very unique flower contest was a part of the entertainment. The final feature on the program was a May pole dance.

Perhaps the most pleasing part of the program was the presentation of beautiful May baskets containing lunches. Frappe was served by Mrs. G. U. Mason and Miss Filson. Theh ostesses Tuesday evening were Mrs. Peck, Mrs. Mason, Misses Finney, Deweese, Filson, Henderson, Sinclair and Carlson.

Ella Ewing Circle Enjoys Pleasant Social.

Members of the Blue side of the Ella Ewing Mission Circle were guests of the Red side at a May party at Central Christian church Tuesday evening.

The parlor of the church was attractively decorated for the occasion. A large number of members were present, and a general good time was enjoyed. Victrola music was rendered and appropriate games were played. A very interesting feature of the entertainment was a burlesque of the May Pole drill, given by the members of the Red side, which afforded much merriment.

At the class of the evening's gaities every one was presented with a very pretty May basket containing a dainty lunch; frappe was also served. On the whole, it was a very enjoyable affair, and one long to be remembered by all present.

The hostesses were Misses Rowena Sinclair, (captain), Mary Deweese, Marie Finney, Grace Filson, Ruth Henderson, Esther Carlson, Pearl Jewsbury, Mrs. U. G. Mason, and Mrs. George Peck.

The Meaning of a Name in Buying Spring Clothes

In buying your clothes this Spring, it is very important that you know the name of the maker. You don't buy an automobile by the color it is painted, you want to know who made it. You want a product that will give you the greatest service for the price you pay. When you invest your money in Kuppenheimer good clothes you get just that. Their excellent tailoring insures enduring shapliness and lasting service; further, you get smart, sensible style, choice, all-wool fabrics—in short, all 'round satisfaction.

New Styles for Young Men

The new Spring Styles for young men represent the height of perfection in clothes-designing. The style creations in England and Italy have been recreated by the House of Kuppenheimer. They are developed in true "Yank" fashion, to gracefully fit the athletic forms of our robust, young Americans. Good value Suits

NEW OFFICERS AT RECRUITING STATION

Corporal R. Johnson arrived yesterday from Quincy to relieve Bob Choate, who has had charge of the local recruiting office since January 16. Choate will turn the office over today but will probably stay in Jacksonville until the latter part of the month when he will go to Peoria for discharge, his present enlistment expires June the 6th.

Choate has secured fifty-two men for Uncle Sam's army since he came here in January and his office is the only A-1 office in the district.

He does not say that he will reenlist but he does not say that he will not, and it may be that a trip thru a clothing store or two will be sufficient to keep him in the army, where he has been for the last nine years.

Free Yourself From

The Pangs of Rheumatism

The Right Treatment Will Break Your Shackles.

You who are afflicted with Rheumatism know from experience just how excrutiating the pangs of the disease are. You know also, if you have had rheumatism for any length of time that there is no real relief to be expected from the use of liniments and lotions.

Rheumatism is a stubborn disease, and its pangs and pains cannot be wiped out as if by magic. A disease that is so full of torture and renders so many people absolutely helpless, is a deep-seated one; it is not on the surface, hence it cannot be reached by external, surface remedies.

Lotions, liniments and ointments applied to the surface may in some cases deaden the pain for the time being, but until you attack the disease at its foundation, you are making no progress toward a cure. Many forms of Rheumatism are caused by millions of tiny germs that infest the blood, and until the blood is absolutely freed of these germs, there is no real relief in sight.

In fact the longer you delay treating the disease through the blood, the further you are getting from ridding yourself from the disease. And because so many people treat the pain, and not the disease itself, is one reason why Rheumatism increases in severity year by year.

The most satisfactory remedy for Rheumatism is S. S. S., because it is one of the most thorough blood purifiers known to medical science. This fine old remedy cleanses the blood of all impurities, and is a sure antidote to the germs of Rheumatism. Being purely vegetable, without a particle of mineral or chemical in its composition, it works by eliminating and forcing out of the blood all impurities, acting as a tonic to the entire system at the same time. It has been used for more than fifty years, and scores of sufferers from Rheumatism give it unstinted praise.

S. S. S. is sold by druggists everywhere, and any of them will tell you that it is a thoroughly honest and reliable old remedy. You are invited to write our medical department for full information and advice about the treatment of your own case, for which no charge is made. Address Chief Medical Adviser 12 Swift Laboratory, Atlanta, Ga.

Will They Pass Laws Compelling People to Use Pure Toilet Soap?

—or laws enforcing the manufacture of strictly pure Toilet Soap?

There are laws prohibiting the use of public drinking cups, and of public towels. Because they have been found unsanitary.

Can dirty towels be any more dangerous than impure soap? Not a bit. Not as much. Impure soap does not stop on the surface of the skin. It goes right down into and clogs up the pores of the skin.

If it isn't washed out it either hampers the action of the pores or is finally absorbed by the skin. either way is bad enough.

Everyone should be extremely careful in selection of a Toilet Soap. Can't be too discriminating.

Remmo Sterilized Soap is a safe choice, always. This soap is absolutely pure.

It is made only of select materials of the highest quality. Then the combined ingredients are sterilized at 198 degrees Fahrenheit—just as a surgeon's instruments are sterilized to purify them.

There is a world of enjoyment in the use of Remmo Sterilized Toilet Soap—and there is the solid satisfaction in knowing that the soft, rich lather that feels so good is not only cleansing the skin but actually benefiting it—removing dust, grime and dirt—leaving no impurities of any kind imbedded in the tiny pores.

If you value cleanliness and appreciate its value to health and complexion beauty you certainly should demand and use Remmo Sterilized Toilet Soap.—Adv.

Daily Market Report

DEALINGS ON STOCK EXCHANGE LIGHT

New York, May 5.—Business on the stock exchange today was almost wholly a matter of give and take between bull pools and the extensive short interests, the net result favoring the long or conservative account.

Dealings were unusually light for occasional drives against bears in oils, steels, equipments and other speculative issues.

There seemed to be a further genuine demand for rails and shippings also improved, their advance being accompanied by reports that the plan for lower trans-Atlantic rates would fail of success.

According to trustworthy authorities, the industrial situation has improved, shipments of steel and iron, except from the Pittsburgh district, showing a marked gain.

Money on call ruled at 7 per cent, the supply at that rate exceeding recent offerings.

Bonds were irregular, mainly, as a result of new lower Liberty Third 3¼s and Victory 3Vs. Total sales (par value) aggregated $13,200,000.

BETTER WEATHER SENDS CORN DOWN

Chicago, May 5.—Corn and Oats showed a setback of 1c to day, chiefly as a result of better weather and more favorable crop reports. Corn closed nervous at 1⅜c net decline to 1c advance, with July $1.68¼ to $1.68½ and September $1.60¼ to $1.60½. Oats showde a setback of 1c to 1⅝c. In provisions the outcome varied from 50 cents loss to 15 cents gain.

Increased selling pressure, together with lack of support, was manifest at the opening in the corn market. Bears made much of the prevailing sunshine and higher temperatures and there were advices that corn planting was in progress at various points in Illinois, Iowa and Indiana. Besides early sown oats were declared to be coming up rapidly. With another week of favorable weather it was said corn planting would be general thruout the big producing states. In the last part of the day, however, shorts displayed fresh anxiety in regard to the effect of railway traffic conditions on the May delivery of corn. As a consequence, May ran up temporarily to the top-most point yet this season.

Bearish views of a leading crop expert were principally responsible for the weak returns in the oats market.

Provisions weakened with grain, but afterwards rallied owing to the late firmness of pigs and of May corn.

St. Louis Grain Market

Who Wants an Imitation?

WOULD you call on your local merchant and ask him for "imitation" sugar, or raisins, or coffee? Would you ask him to sell you a pair of shoes made of something "just as good" as leather? Or a suit of clothes "made for" a man, whether or not it fits you?

Get the Genuine

Why Wash or Polish your Car more than necessary?

"Simoniz"

Makes the Old Car Look Like New!

Positively produces most wonderful results.

Cars Stay Bright when Simonized.

SIMONIZ it not a Paint or Varnish, but a pure vegetable compound. When applied it provides a hard dry velvet veneer or coating over the surface that protects and keeps rain, mud, dust and other destructive elements from reaching the finish. Mud splashes and dust when dry can be wiped off the Simoniz without injury.

SIMONS KLEENER is a neutral compound that removes all stains, scums and dullness and prepares the paint or varnish for the Simoniz. Kleener need not be used on a new clean surface.

The Simonized Surface Requires no Washing

A. C. M'CULLOUGH NEAR DEATH AT DECATUR

Prominent Resident of Scott County Has Narrow Escape When Train Hits Automobile —Car Is Badly Damaged.

A. C. McCullough, of Winchester, had a narrow escape at Decatur Wednesday morning, when a new Apperson Eight automobile he was driving home from the factory was struck by a C. and E. I. train.

The automobile was so badly damaged that it was prepared for shipment in Decatur and sent back to the factory. Fortunately Mr. McCullough and Edward Joy, who were riding in the car, escaped injury.

L. E. Deppe, of the firm of Rexroat & Deppe, accompanied by Mr. McCullough and Mr. Joy, went to the Apperson factory at Kokomo, Ind., to drive thru two Apperson Eights which Mr. McCullough and Mr. Joy had purchased.

They had reached Decatur and Mr. Deppe, who was in the lead, driving Mr. Joy's car, crossed the railroad tracks in safety. Just as Mr. McCullough reached the tracks the train running at the rate of about 40 miles an hour passed.

The engine struck the front of the automobile and turned it around and threw it from the tracks, but fortunately it did not overturn. While the car was damaged and the windshield broken, both Mr. McCullough and Mr. Joy escaped injury aside from a severe shaking up.

The crossing where the accident occurred is a dangerous one, with no watchman. Two people have been killed at the crossing in recent weeks. The automobile which was struck was valued at $4,500.

After preparing the damaged car for shipment to the factory, Mr. Deppe, Mr. McCullough and Mr. Joy came to Jacksonville in Mr. Joy's car, arriving safely without further mishap.

S. S. CONVENTION IN BLUFFS SUNDAY

Meeting Scheduled For Naples to be Held in Bluffs Instead—Mothers' Day Celebration—Other News.

Bluffs, May 5.—The Sunday school convention to be held at the M. E. church in Naples Sunday, May 9th, will be held instead at the M. E. church in Bluffs on that date. The high water in Naples has caused the change to be made Mothers' day to be observed at the M. P. church in Bluffs Sunday morning May 9th has been postponed until Sunday, May 19th. The change was made on account of the Sunday school convention being here instead of Naples on that date.

The board of education met and employed the following teachers for the coming school year. Miss Dorothy Long, Timewell, third grade; Miss Marion Wear, Colchester, fourth grade; Principal C. H. Seckinger who will have charge of the manual training.

Mrs. B. F. Rockwood and daughter Miss Helen were called to East St. Louis by the serious illness of the former's sister, Mrs. Elizabeth Hamman.

Addis Fuson and bride have returned from St. Louis where they have been spending their honeymoon.

L. S. Black and family and Supt. O. V. Walters were Jacksonville visitors Saturday.

Mr. and Mrs. John O. Brien are rejoicing over the arrival of a son, first child, at their home Monday. Mrs. O'Brien was formerly Miss Jean DeGarges of France.

It is very well to be gallant, but it would look better if the boys who give their little friends flowers would buy them rather than to steal them from the yards after dark.

Mrs. S. M. Carver and Mrs. Victor Knoeppel are among those who had all of the pretty tulips stolen from their yards by boys whose names are known to them. A fine or two for trespassing would soon put a stop to this form of petty thieving.

HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Arcine and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you.

Seven a day for seven days—Wonderful results.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after fifteen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c, 25c.

Foley's Honey and Tar

COMPOUND

CLEARS THE THROAT of phlegm and mucus, stops that tickling, opens the air passages for easier breathing and coats the raw, inflamed surfaces with a healing, soothing medicine.

Grateful Father Tells What It Did

W. E. Curry, 130 Up 6th St., Evansville, Ind., writes: "I have a little girl 6 years who has a good deal of trouble with croup. I have used Foley's Honey and Tar Compound, giving it to her according to directions, and obtaining instant relief for her. My wife and I use it whenever bothered with a bad cold or cough, and I will say that it is the best remedy for a bad cold, cough, throat trouble or croup that I ever saw."

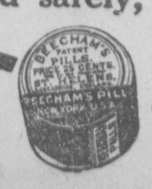
Parents who use Foley's Honey and Tar know it is safe and no harm will come even if an overdose should be given by accident. It tastes good and children like it. It won't upset the delicate stomachs of young children, delicate persons or elderly people.

Sold Everywhere

To Get up in the morning tired and unrefreshed, with a dull, heavy head, often amounting to headache, to feel low-spirited and "blue"—are symptoms of self-poisoning by food poisons, not neutralized or eliminated by bowels, liver and kidneys acting in harmony.

Beecham's Pills

help to remove the cause of this trouble. They act gently and safely, but also very efficiently.



Sold by druggists throughout the world. In boxes, 10c., 25c.

TWO ACCIDENTS AT CAPPS & SONS PLANT

James Smith Has Hand Lacerated in Weaving Machine — Ethel Sharpe Is Caught in Elevator.

James Smith, a veteran weaver at the plant of J. Capps & Sons, had his left hand badly lacerated Wednesday, when it was caught in a weaving machine. Dr. King was called and gave the necessary surgical attention. The injuries required several stitches to close.

Mr. Smith was engaged in making some change in the machine and in some manner touched the apparatus and started the machine, which caught his hand before he could withdraw it.

The injured man was removed to his home, 1007 North Favette street. It will be several weeks before Mr. Smith will be able to return to work.

Wednesday Ethel Sharpe, of 320 North West street, suffered injury to her face, when she was caught in an elevator at the Capps plant.

The girl, who is about 14 years of age, is not an employe at the plant. She was playing about the plant and looked down the elevator shaft as the elevator was decending to the basement.

A large iron rod on the elevator struck her across the back of the neck. The rod pressed her face against the floor, mashing her mouth and cutting the lower lip clear thru. The teeth also were crushed and loosened.

But for the fact that the girl's head was forced along the floor, allowing the iron bar to slip off her head, she probably would have been decapitated.

Dr. King was called and gave the necessary attention. The girl suffered severe cuts and probably will lose several teeth as the result of the accident.

Warning is hereby given to all bicycle riders to keep off sidewalks in the city. The traffic ordinance expressly forbids the riding of bicycles on sidewalks and offenders will be arrested and fined.

FRANK KILORAN, Chief of Police.

LIBERTY BOND EXCHANGES

Holders in the St. Louis Federal Reserve District of a large amount of 4 per cent coupon liberty bonds of the second loan will be able, between May 3 and May 15, to exchange them for permanent bonds bearing 4¼ per cent. If holders wait until May 16 they will lose, under United States Treasury Regulations, the additional ¼ per cent of 1 per cent until next November.

The exchange can be made by presenting the bonds at any bank or trust company. Bond holders will thus be able to collect the interest due May 5, since the new permanent bonds will have coupons attached, drawing interest at 4 per cent, from November 15, 1919, to May 15, 1920, and interest at 4¼ per cent from May 15, to maturity.

Unless specifically requested, 4¼ per cent bonds will be delivered in exchange for the present 4 per cent issue. A sufficient supply of the permanent bonds has been received, and deliveries will commence on Monday, May 3.

EIGHTH GRADE WINS

The eighth grade girls defeated the seventh grade girls at the parochial school by the score of 13 to 14. The game was exceedingly good, having a good umpire. The pitchers were in excellent trim and defeated the seventh in the victory of two to their one.

GIRLS—LADIES—WOMEN

It is said that nine out of ten females are diseased with Constipation—It's terrible. Constipation often results in pimply face, sallow color, bad breath, and mean disposition.

Hollister's Rocky Mountain Tea is a "positive" Laxative—mild, pleasant, certain—so thoroly cleansing and purifying that CONSTIPPATION disappears, and when your Constipation goes—your COMPLEXION improves, you feel better, eat better and enjoy living.

Give it a thoro trial and you will recommend it to all your women friends. 35 cents a package. ARMSTRONG'S DRUG STORE.

What Most Miles per Dollar Means To 2,000,000 Car Owners

The thing that every tire buyer—for big car or small—is trying to buy, is mileage economy. And the one way to produce it is scientific manufacturing.

That means quantity buying, quantity production and quantity selling — always the Firestone way to better tire value at low cost.

Spring Is Here

Are you going to paint this year?

Did you ever stop to think what a coat of paint on your house or outbuilding would do for you?

It not only improves the looks of your buildings but it preserves the lumber from the weather.

Ho woften have you driven by a place that was nicely painted and you commented upon the thrifty appearance of the property.

And while the old saying is "That clothes do not make the man" but in these latter years we all acknowledge that a well dressed man makes the best headway in this world, and so it is with your property, if it is well kept you will find that you have a higher standing in your neighborhood and among your associates.

We would call your attention that we have a full line of standard paints and oils for the interior as well as the exterior. Also a full line of brushes and painters' supplies, as well as a complete line of hardware, harness and farming implements.
